

CAREFULLY READ THESE USER INSTRUCTIONS BEFORE USING THIS VISOR

Applicable to products: *JTAPE Face Shield Product Code 8000.2425*

Manufacturer: *JTAPE Ltd, Hulley Road, Macclesfield, Cheshire SK10 2SF*

Notified body: Module B and C2 – SATRA Technology Europe Ltd, Bracetown Business Park, Clonee, D15YN2P. Republic of Ireland (Notified Body 2777). Declaration of conformity can be found at JTAPE.com, product Face Shield.

These products are classed as Category III Personal Protective Equipment (PPE) by the European PPE Regulation (EU) 2016/425 and have been shown to comply with this Regulation through limited testing against the Harmonised European Standard EN 166:2001 (see below).

This product is designed to provide some protection against contact with airborne droplets that may constitute a biological hazard. **However, always remember that no item of PPE can provide full protection and care must always be taken while carrying out the risk-related activity. Never use this visor for protection against other hazards for which the product is not design for or tested against**

PERFORMANCE AND LIMITATIONS OF USE – These products have been tested in accordance with EN 166: 2001 Clauses: 6 † Design; 7.1.1 † Field of vision; 7.1.2.1 † Refractive powers; 7.1.2.2 † Transmittance; 7.1.2.3 † Diffusion of light; 7.1.3 † Quality of materials; 7.1.5.1 † Stability at elevated temperature; 7.1.7 † Resistance to ignition; 7.2.4 † Droplets and splashes of liquids

This product is designed for single use only

The Item can be worn for extended periods of time, the limitation being the period of exposure to any airborne droplets or liquid splashes which would require the Item to be changed.

FITTING AND SIZING – This product has a flexible headband. To put on the face shield, stretch the headband over the head ensuring that the foam band is seated on the forehead. The face shield can be easily removed by lifting the headband off the head.

COMPATIBILITY – To optimise protection, it will be necessary to use these products with suitable gloves/gowns/masks. In this case, before carrying out the risk-related activity, consult your supplier or supervisor to ensure that all your protective products are compatible and suitable for your application. Warning – Parts of the face shield that come into contact with your skin may lead to allergic reactions. In this case please discontinue use and seek medical advice.

STORAGE AND TRANSPORT – When not in use the visor should be stored in a dark place, away from sunlight in its original packaging and in a well-ventilated area away from extremes of temperature. Never place heavy items on top of it. If the face shield becomes damaged in any way it should be disposed of.

OBSOLESCENCE – This visor has a shelf life of 5 years. The date of manufacture and date of obsolescence are printed on a label on the packaging. The product is designed for single use only, it should only be removed from its packaging when required for use and disposed of once used.

REPAIR – The face shield is single use only. If damaged in any way it should be disposed of.

MARKING – The product is marked with:

(EU) 2016/425 CE 2777 – This product meets the requirements of the PPE Regulation (EU) 2016/425 and is CE type certified by Notified Body 2777
