DUO MASKING TAPE

Part No.	Size	Units
1150.7520	3" x 66' - 75mm x 20m	1 Roll

DUO Masking Tape is highly versatile and can be used to mask a wide variety of applications around the vehicle. Made from high quality materials, there is adhesive on both sides and a rigid edge allows the masking of individual panels.

FEATURES AND BENEFITS

- ✓ For use on roof/cant rails, door rubber seals, hood, trunk, fender
- ✓ Saves time
- ✓ Saves materials
- ✓ Simplifies the process
- ✓ Masks areas without leaving hard paint edges
- ✓ Seals and protects vehicle insides from overspray

ADVANCED FOAM MASKING TAPE

Part No.	Size	Units
1011.2050	¾" x 165' - 20mm x 50m	1 Roll

Advanced Foam Masking Tape is designed to mask all apertures, and is ideal for addressing common difficulties masking the fender/front door, while also helping to prevent the ingress of paint during spraying.

FEATURES AND BENEFITS

- ✓ For use in all apertures: A, B and C posts
- ✓ One continuous length - No wastage
- ✓ Seamless joining - no restart of process if product length is misjudged
- ✓ Hidden adhesive - no adhesive exposed
- ✓ No hard paint edges - eliminates rework
- ✓ Precise fingertip adjustment - perfect product positioning every time
- ✓ Paint absorbent
- ✓ Simple, effective and easy to use dispensing box

PRIMESHIELD

Part No.	Size	Units
1015.1535	3/5" x 114' - 15mm x 35m	1 Roll
1015.2225	7/8" x 81' - 22m x 25m	1 Roll

Primeshield is the smart solution for masking gaps that require priming. Applied in seconds; prevents over spray into the interior while providing a soft feathered exterior finish.

FEATURES AND BENEFITS

- ✓ Dramatically reduces process time
- ✓ Precise fingertip adjustment
- ✓ No primer build-up on panel edges
- ✓ Seals and protects from overspray
- ✓ Easy to apply - self-locating
- ✓ Reduces material usage

PRIME AND PAINT FOAM MASKING TAPE

Part No.	Size	Units
1016.3530	1 1/2" x 99' - 35mm x 30m	1 Roll

Prime and Paint Foam Masking Tape is the perfect solution for wet on wet sealing, color and clear coat application due to its original construction and removable section.

FEATURES AND BENEFITS

- ✓ No need to de-mask & re-mask between priming and painting
- ✓ Can be used on moving parts
- ✓ Prevents paint build-up
- ✓ Dramatically reduces process times
- ✓ Seals and protects from overspray
- ✓ Reduces material usage
- ✓ Prevents primer/ground coat edges
- ✓ Paint absorbent

SMOOTH EDGE FOAM MASKING TAPE

Part No.	Size	Units
1013.1350	1/2" x 165' - 13mm x 50m	1 Roll

The forerunner to Advanced Foam Masking Tape, Smooth Edge Foam Masking Tape is, in comparison, a more basic foam tape. A simple way to mask your car and protect the interior from overspray.

FEATURES AND BENEFITS

- ✓ Fixes to the door post
- ✓ 2 convenient sizes for standard and commercial vehicles
- ✓ Reduces levels of hard paint edges
- ✓ Paint absorbent

PERFORATED TRIM MASKING TAPE

Part No.	Size	Units
1055.5010	2" x 33' - 50mm x 10m	1 Roll

Perforated Trim Masking Tape is devised to mask rubber trims and moldings during spraying. The tape's plastic edge slides behind the rubber trim, with the perforations allowing the tape to be torn and easily fixed around curves.

FEATURES AND BENEFITS

- ✓ Perforated for easy tear
- ✓ Easy lifting tab
- ✓ One size fits all, reducing inventory requirements
- ✓ Linerless
- ✓ Paint absorbent unlike film alternatives

CLEAR LOGO TAPE

Part No.	Size	Units
2210.5030	2" x 12" - 50mm x 300m	1 Sleeve of 10 Sheets

Clear Logo Tape is designed specifically for reapplying logos/decals/badges/emblems from all types of vehicles. When the tape is applied, the pressure sensitive adhesive self-cuts, only sticking to the badge.

FEATURES AND BENEFITS

- ✓ For professional reapplication of vehicle decals
- ✓ Reduces cost and speeds up the reclaim process

FLEXI NO EDGE BLENDING TAPE

Part No.	Size	Units
1018.1525	5/8" x 81' - 15mm x 25m	1 Roll

Flexi No Edge Blending Tape is the innovative and unique solution for masking curved style lines and curved panel edges. It makes masking around corners a speedy process even on the tightest of turns. Also ideal for masking fuel filler caps.

FEATURES AND BENEFITS

- ✓ Seamless blending from old to new paintwork
- ✓ Paint absorbent
- ✓ Ideal for bumper edges, wheel arches, roof panel lines and bridging screen gaskets/rubbers
- ✓ One size for every application
- ✓ Multiple roll dispensing box
- ✓ No hard paint edges

NO EDGE BLENDING TAPE PLUS

Part No.	Size	Units
1012.2025	3/4" x 81' - 20mm x 25m	1 Roll

Non-stretch, No Edge Blending Tape is the smart solution for masking style lines and panel edges to create a seamless finish from new paintwork to old.

FEATURES AND BENEFITS

- ✓ Seamless blending from old to new paintwork
- ✓ Ideal for body style lines
- ✓ No hard paint edges
- ✓ Non-stretch
- ✓ One size for every application
- ✓ Paint absorbent
- ✓ Single and multiple roll dispensing box

PREMIUM BLACK CLOTH TAPE

Part No.	Size	Units
2203.5050	2" x 165' - 50mm x 50m	1 Roll

Black Cloth Protection Tape is twice as strong as standard cloth tape and can be torn in both directions. It is waterproof, with a high-tack adhesive, and can be easily removed after use, leaving no adhesive residue.

FEATURES AND BENEFITS

- ✓ Twice as strong as standard cloth tapes with 78 weaves per inch
- ✓ Tears in both directions
- ✓ Waterproof high tack adhesive
- ✓ Sand blast resistant
- ✓ Leaves no adhesive residue
- ✓ Temperature resistant up to 80°C /176°F for one hour

WHEEL REPAIR MASK

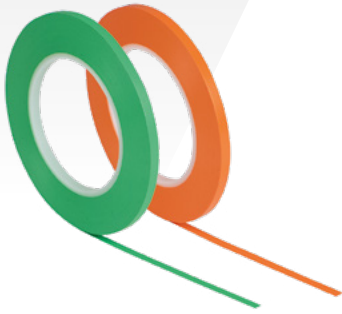

Part No.	Size	Units
1095.1417	67" x 67" - 170cm x 170cm	1 Box of 20 sheets

Wheel Repair Mask is the most effective way to mask a tire when spraying a wheel. It saves considerable time and materials over traditional masking methods and is a SEMA Global Award winner.

FEATURES AND BENEFITS

- ✓ Elastic center piece
- ✓ Temperature resistant
- ✓ Fits up to 26" diameter
- ✓ Simple and easy to use
- ✓ Easy to use dispensing box for point of sale or bodyshop use
- ✓ Paint absorbent
- ✓ Saves time and material compared to traditional processes

FINE LINE MASKING TAPE

Orange Part No.	Size	Green Part No.	Size	Units
1111.01.555	1/16" x 180' - 1.5mm x 55m	1105.01.555	1/16" x 180' - 1.5mm x 55m	1 Roll
1111.0355	1/8" x 180' - 3mm x 55m	1105.0355	1/8" x 180' - 3mm x 55m	1 Roll
1111.0655	1/4" x 180' - 6mm x 55m	1105.0655	1/4" x 180' - 6mm x 55m	1 Roll
1111.1255	1/2" x 180' - 12mm x 55m	1105.1255	1/2" x 180' - 12mm x 55m	1 Roll

For use in mainstream body shop and custom applications. Ideal for multi-color and design paint jobs. Designed for long straight lines while remaining flexible where required.

FEATURES AND BENEFITS

- ✓ Orange temperature resistant to 150°C/302°F for at least 30 mins
- ✓ Green temperature resistant up to 132°C/270°F for at least 30 mins
- ✓ Flexible construction allows easy curve forming
- ✓ Sticks to variety of surfaces
- ✓ No adhesive residue
- ✓ Leaves clearly defined paint line

CUSTOMIZING TAPE

Part No.	Size	Units
1119.1210	1/2" x 33' - 12mm x 10m	1 Roll

Customizing Tape has been created for striping with extra flexibility in mind, allowing the user to mask the tightest of contours. By stripping out sections, a variety of stripe widths and shapes can be created.

FEATURES AND BENEFITS

- ✓ Extra flexible
- ✓ Non-bleed
- ✓ Made of 8 x 1/16" strips
- ✓ Heat resistant to 132°C/270°F for up to 30 mins
- ✓ Easily removed
- ✓ Leaves no residue
- ✓ Leaves clear paint line

PAINT CONTROL TAPE

Part No.	Size	Units
1190.3884	1 1/2" x 90' x 3 rolls. - 38mm x 28m x 3 rolls	1 Pack of 3 Rolls

Paint Control Tape is a checkered crepe masking tape that gives the paint sprayer the ability to monitor the optimum opacity of paint applied by viewing the paint coverage over the black and white squares.

FEATURES AND BENEFITS

- ✓ Premium printed crepe masking tape
- ✓ Strong adhesion
- ✓ Excellent for poor coverage colors
- ✓ Easy to check spray pattern
- ✓ 1.5" wide for ease of use
- ✓ Clean removal, no residue
- ✓ Saves on materials, time and improves process

PARKING SENSOR MASKING DISCS

Part No.	Size	Units
4002.6017	3/4" diameter - 18mm diameter	1 Sleeve of 60 Discs

Parking Sensor Masking Discs are the ideal solution for the protection of parking sensors and rubber seals during the repair process. Our adhesive cover protects the sensor throughout the repair process, preventing damage from sanding, painting, and polishing.

FEATURES AND BENEFITS

- ✓ Avoids contamination of sensors
- ✓ Clean removal, no residue
- ✓ Lifting tab for easy application and removal
- ✓ Saves time, avoids masking process, disassembly of the sensors or potential damage while using blade.
- ✓ Ensure removal while clear coat is wet to avoid bridging
