NO EDGE Blending tape

PART NO. 1012

No Edge Blending Tape is the smart solution for masking swage lines and panel edges to create a seamless finish from new paintwork to old.

| FEATURES | BENEFITS | |
|---|--|--|
| Seamless blending from old to new paintwork | ✓ Eliminates rework | |
| ✓ Paint absorbent | ✓ No hard paint edges | |
| ✓ Feathered edge over long lengths | ✓ Consistent finish | |
| ✓ No need for folded tape | ✓ Saves time and takes away inconsistencies | |
| ✓ Temperature resistant to 160°C/320°F | ✓ Suitable for low/high bake ovens and infra-red drying systems | |
| ✓ Non-stretch | ✓ No unwanted elongation | |

AREAS OF APPLICATION

- ✓ A, B and C Post
- ✓ Bonnet / Hood
- ✓ Boot / Trunk
